

NBFX - *Cool Team, Great VFX*

We're looking for talented up-and-coming artists of all areas of VFX (especially but not exclusively compositors) to join our team for upcoming projects.

NBFX is a VFX studio, located in Braga, able to tackle digital effects projects of all sizes, from major blockbuster films to independent shorts, TV/VOD, commercials, music videos, and more.

Our goal is to deliver pixel-perfect VFX to any project regardless of its complexity or size, whether it is set extension, crowd replication, full CG cinematics, character development or adding stunning visual effects to enhance the overall impact of the story. Software wise, we use the industry standard: Nuke, Maya, Arnold, Zbrush, Substance Designer and Mari.

We have worked in varied projects such as: The Expendables 4 (2023), Justicia Artificial, The Piper (2023), Cuba Libre (2022), La Manzana de Oro (2022), The Protégé (2021), Jolt (2021), Hitman's Wife's Bodyguard (2021), Rambo: Last Blood (2019), Angel Has Fallen (2019), Hellboy (2019).

If you are a talented VFX professional or student, looking to make your mark in the industry, come find us in the recruitment fair at Mundos Digitales and tell us all about yourself!
